## Languages

### French

Native language

### English

Fluent, C1 Level (CEFR),  
TOEIC 955/990

### Spanish

Basic command

## Interests

Running

Writing

Computing

Space

## Diplomas

### Master's Degree in Artificial Intelligence

2019 – Today

Université Lyon 1

### Computer Science Engineering Student at Polytech school (Lyon, France)

2017 – Today

Polytech Lyon, 5<sup>th</sup> year of study

### First and second year of Bachelor's Degree in Computer Science and Mathematics

2015 – 2017

Université Grenoble Alpes

## Professional Experiences

### McMaster University & TOTAL

TOTAL is a French petroleum company. McMaster is a university located in Hamilton, Canada.

September 2018 to January 2019 – 5 months

Research internship the Mathematical Optimization. The goal was to handle the formulation of a mathematical model on an oil refinery in order to manage the uncertainty of shutting down machines for different duration.

- Wrote a multiperiod model,
- Understand how mathematical optimizers work,
- Contributed to a scientific journal,
- Implemented GUI with PHP and JavaScript.

### STMicroelectronics Crolles

A manufacturer of semiconductors

July and August 2017 – 2 months

Temporary job as operator in clean-room

- Maintained machines in the Lithography area

June 2016 – 1 month

Internship at a company as a developer assistant

- Designed an application in C#
